For these purposes, a difference between timetables shall be deemed to be due to a Restriction of Use where the difference was initially the direct result of the Restriction of Use being notified, whether or not the Restriction of Use was subsequently cancelled in whole or in part.

1.3 Suspension Notices

Wherever a Suspension Notice is in force, the effects of that Suspension Notice shall be the subject of Section 6 and not of this Section 4. A Restriction of Use shall only be treated as a Restriction of Use to the extent that it involves a Restriction of Use of all or any part of the Routes which is not covered by the restriction under that Suspension Notice.

2. APPLICATION OF THIS PART

2.1 Entry into effect

This Section 4 shall apply in respect of Restrictions of Use.

2.2 Applicable Engineering Access Statement and the HS1 Network Code

The provisions of this Section 4 shall be without prejudice to:

HS1 Ltd shall give reasonable consideration to any such comments, in particular where they relate to possible requirements for a Restriction of Use outside the Possessions Allowance and shall notify the Train Operator of its response to such comments as soon as reasonably practicable.

5. SECTION 8 APPLICATION

is used in the definition of Corresponding Day) but for Restrictions of Use reflected in the First Working Timetable for the First Day.

7. COMPETENT AUTHORITY RATE

7.1 Calculations

The Competent Authority Rate shall be calculated as follows:

HS1 Ltd shall use all reasonable endeavours to negotiate with the relevant Competent Authority a level of compensation in respect of the Competent Authority Restriction of Use which is sufficient to ensure that the Train Operator receives compensation for all of its Relevant Costs. - determined in accordance with paragraph 7.3(b)(iii); and
- (2) in respect of a Timetable Period other than as referred to in paragraph 7.3(b)(i)(1) for which the First Working Timetable is available at the time at which HS1 Ltd is seeking to determine the expected train kilometres in accordance with this paragraph 7.3, the expected train kilometres spent by a train operator on HS1 shall be equal to the total number of train kilometres that the freight services scheduled in the First Working Timetable for such Timetable Period and to be operated by the relevant train operator will spend on HS1 (as calculated by reference to the applicable Relevant Distance for such services and assuming that all such services will be operated by the relevant train operator); and
- (ii) where the Review Event is a Volume Event, in respect of a Timetable Period for which the First Working Timetable is available at the time at which HS1 Ltd is seeking to determine the expected train kilometres in accordance with this paragraph 7.3, the expected train kilometres spent by a train operator on HS1 shall be equal to the total number of train kilometres that the freight services scheduled in the First Working Timetable for such Timetable Period and to be operated by the relevant train operator will spend on HS1 (as calculated by reference to the applicable Relevant Distance for such services and assuming that all such services will be operated by the relevant train operator); and
- (iii) in respect of a Timetable Period (or part thereof) other than as referred to in paragraph 7.3(b)(i) or 7.3(b)(ii), the expected level of train kilometres spent by a train operator on HS1 in that Timetable Period shall be determined by HS1 Ltd in accordance with paragraphs 7.3(d) to (g).
- (c) In undertaking the reapportionment of Avoidable Long-Term Costs pursuant to paragraphs 7.2(a)(ii) HS1 Ltd shall determine the expected train kilometres by using the expected train kilometres calculated in accordance with paragraph 7.3(b) and making such adjustments as are reasonably necessary so that the expected train kilometres for the relevant train operator only relates to the part of the train operator's freight services that operate on the part of HS1 which is utilised by both domestic and international trains.
- (d) As soon as reasonably practicable following the occurrence of a Review Event HS1 Ltd shall give notice to the Train Operator:
- (i) advising that a Review Event has occurred and the type and nature of the Review Event;
- (ii) specifying the dates of the applicable Timetable Periods (or part thereof) for which the expected level of train kilometres will be calculated for the purposes of paragraph 7.3(b)(iii);
- (iii) requesting the Train Operator provide:
- (1) its best estimate of the quantum of freight services for each Service Group which it intends to operate in each of the Timetable Periods (or part thereof) referred to in paragraph 7.4(d)(ii) (the "**Estimated Service Levels**"); and
- (2) a statement describing, in reasonable detail, the basis on which the Estimated Services Levels were prepared (the "**Supporting Statement**")
- (iv) specifying a date by which the Estimated Service Levels and the Supporting Statement must be received by HS1 Ltd, such date being no earlier than twenty (20) Working Days from the date of the notice (such date the "**VRO Response Date**").

Note: Twenty working days has been proposed so as to provide train operators with sufficient time to prepare the relevant information (particularly given the festive periods which would occur where the Review Event is triggered by a Volume Event) but also take account of HS1's obligation to carry out the cost re-apportionment promptly following the occurrence of a Review Event

(e) The Train Operator shall act reasonably and in good faith in preparing the Estimated Service Levels and the Supporting Statement.

(f) If:

(i) HS1 Ltd has not received the Estimated Services Levels and the Supporting Statement from the Train Operator by the VRO Response Date; or

(ii) the Estimated Service Levels received by HS1 Ltd from the Train Operator by the VRO Response Date is incomplete in any way;

HS1 Ltd, acting reasonably, shall use its estimate of the quantum of freight services to determine the expected train kilometres for any Service Group and/or Timetable Period (or part thereof) to the extent that such information has not been provided by the Train Operator ("IM Estimate Service Levels").

(g) HS1 Ltd shall use the Estimated Service Levels, (or, where and to the extent that paragraph 7.3(f) applies, the IM Estimated Services Levels) to calculate the expected level of train kilometres for the relevant Timetable Periods (or part thereof).

1.2 Interpretation

For the purposes of this Section 8:

- (a) neither HS1 Ltd nor the Train Operator shall be allocated any responsibility for those effects; and
- (b) those effects shall not be regarded as causing any Minutes Delay or Cancelled Trains.

2. CALCULATION OF MINUTES DELAY AND CANCELLATION MINUTES

2.1 Minutes Delay

The Minutes Delay in respect of a Train when it triggers a Recording Point shall be equal to:

(a) in respect of the first Recording Point triggered by that Train on any Day (and, where the Train has subsequently left HS1 (save where it is routed via Ashford International), in respect of the first Recording Point which it triggers each time it crosses back onto HS1 on that Day), the number of minutes (rounded down to the nearest whole minute) by which the time at which that Train triggers the Recording Point is later than the time at which that Train is scheduled in the Applicable Timetable to do so; and

(b) in respect of any other Recording Point, the lesser of:

(i) the number of Minutes Delay in respect of that Recording Point calculated in accordance with paragraph 2.1(a) (as if that Recording Point were the first Recording Point triggered by that Train); and

(ii) the greater of $((A_1 - A_2) + B)$ and zero

where:

A_1 is the number of minutes between the time at which the Train triggers the Recording Point (rounded down to the nearest whole minute) and the time the Train last triggered a Recording Point (rounded down to the nearest whole minute);

A_2 is the relevant time lapse scheduled in the Applicable Timetable between those same two Recording Points; and

B is any Recovery Time between those Recording Points incorporated in the Applicable Timetable;

provided that any Minutes Delay which arise from a single incident or a series of related incidents and which are less than three minutes in aggregate shall be deemed to be zero.

2.2 Cancellation Minutes

In relation to a Train which is a Cancelled Train, the number of Cancellation Minutes applicable to trains of its Traffic Type shall apply.

2.3 Cancellation Minutes and Minutes Delay

Notwithstanding paragraph 2.1, where a Train is a Cancelled Train, the Minutes Delay for each Recording Point on the leg of its journey which is the subject of that cancellation shall be deemed to be zero.

3. RECORDING OF PERFORMANCE INFORMATION

3.1 Recording of Minutes Delay and Cancelled Trains

Without prejudice to its obligations under Part B of the HS1 Network Code, HS1 Ltd shall use the Performance Monitoring System to record for each Day in respect of each Train scheduled in the Applicable Timetable:

(a) each Cancelled Train and the incident(s) causing such Cancelled Train where the incident can be identified;

(b) the time at which the Train triggers each Recording Point;

(c) the Minutes Delay for that Train at each Recording Point; and

(d) where the Minutes Delay which that Train has accrued since the last Recording Point are greater than or equal to three minutes:

(i) the incident(s) causing each minute of any delay included in Minutes Delay; and

(ii) those Minutes Delay for which HS1 Ltd is unable to identify a cause.

The provisions of this Section 8 which concern the recording of train performance information or which refer to information regarding train performance, and the rights and remedies of the parties in respect of the recording of that information, shall be subject to and interpreted in accordance with the provisions of the Performance Data Accuracy Code.

3.2 Recording of allocated responsibility for Minutes Delay and Cancelled Trains

HS1 Ltd shall for each Day and for each Train scheduled in the Applicable Timetable record separately in the Performance Monitoring System those Minutes Delay and Cancelled Trains caused by incidents:

- (a) for which HS1 Ltd is allocated responsibility in accordance with paragraph 4.2;
- (b) for which the Train Operator is allocated responsibility in accordance with paragraphs 4.3 and 4.4(b);
- (c) for which another train operator is allocated responsibility in accordance with paragraph 4.4(a);
- (d) for which neither party is allocated responsibility, in accordance with paragraph 4.5;
- (e) for which no cause can be identified; and
- (f) which are Planned Incidents.

3.3 Failed Recording Points

Without prejudice to its obligations under Part B of the HS1 Network Code, HS1 Ltd shall use all reasonable endeavours:

- (a) to restore as soon as reasonably practicable any failed Recording Point; and
- (b) pending such restoration, to compile such information from manual records and other sources, including the Train Operator, and otherwise to substitute such information as is appropriate to reflect as accurately as is reasonably practicable the actual performance of the relevant Trains for the purposes of this Section 8.

3.4 Provision of information by Train Operator

The Train Operator shall record and shall continue to record such information as HS1 Ltd may reasonably require and which it is reasonable to expect the Train Operator to have or procure in connection with any Minutes Delay and Cancellation Minutes that may arise and shall provide such information to HS1 Ltd promptly after such information first becomes available to the Train Operator.

3.5 Notification

HS1 Ltd shall promptly notify the Train Operator upon HS1 Ltd becoming aware of any failure or any likely failure to record accurately the information which it is required to record under paragraphs 3.1 and 3.2. Any such notification shall be in sufficient detail to enable the Train Operator to institute the recording of such information in connection with the Trains for which the recording of information is subject to such failure or likely failure as the Train Operator may reasonably achieve. The Train Operator shall institute such recording as soon as it is reasonably able following receipt of the notification from HS1 Ltd and will use all reasonable endeavours to provide HS1 Ltd with the resulting information no later than 1700 hours two Working Days following the Day on which it was recorded.

4. ALLOCATION OF RESPONSIBILITY FOR MINUTES DELAY AND CANCELLED TRAINS

4.1 Assessment of incidents causing Minutes Delay and Cancelled Trains

- (a) In assessing the cause of any Minutes Delay or Cancelled Train, there shall be taken into account all incidents contributing thereto including:
 - (i) the extent to which each party has taken reasonable steps to avoid and/or mitigate the effects of the incidents; and
 - (ii) where a Restriction of Use overruns due to the start of such Restriction of Use being delayed by a late running Train, the incident(s) giving rise to that late running.
- (b) The parties shall take reasonable steps to avoid and mitigate the effects of any incidents upon the Trains and any failure to take such steps shall be regarded as a separate incident.

- (c) HS1 Ltd shall identify:
- (i) in respect of each incident recorded under paragraph 3.1(d)(i) as causing Minutes Delay, the extent to which that incident caused each of the Minutes Delay; and
 - (ii) in respect of each incident recorded under paragraph 3.1(a), the extent to which that incident caused the Cancelled Train.
- (d) So far as HS1 Ltd is reasonably able to do so, it shall identify whether responsibility for incidents causing Minutes Delay or Cancelled Trains is to be allocated to HS1 Ltd, to the Train Operator or to another train operator in accordance with the following provisions of this paragraph 4.

4.2 HS1 Ltd responsibility incidents

Responsibility for Minutes Delay and Cancelled Trains on a Day caused by incidents for which HS1 Ltd is allocated responsibility pursuant to this paragraph 4.2 shall be allocated to HS1 Ltd. Unless and to the extent otherwise agreed, HS1 Ltd shall be allocated responsibility for an incident which causes a Train operated by the Train Operator to be subject to Minutes Delay or a Cancelled Train (other than a Planned Incident) if that incident is caused wholly or mainly:

- (a) by breach by HS1 Ltd of any of its obligations under the Contract;
- (b) (whether or not HS1 Ltd is at fault) by circumstances within the control of HS1 Ltd in its capacity as the infrastructure manager of HS1; or
- (c) (whether or not HS1 Ltd is at fault) by any act, omission or circumstance originating from or affecting HS1 (including its operation), but excluding any incident caused wholly or mainly by rolling stock on HS1 for which any train operator (including the Train Operator) would be allocated responsibility if it were the Train Operator operating that rolling stock under this Contract.

4.3 Train Operator responsibility incidents

Responsibility for Minutes Delay and Cancelled Trains on a Day caused by incidents for which the Train Operator is allocated responsibility pursuant to this paragraph 4.3 shall be allocated to the Train Operator. Unless and to the extent otherwise agreed, the Train Operator shall be allocated responsibility for an incident which causes a Train operated by a train operator other than the Train Operator to be subject to Minutes Delay or a Cancelled Train (other than a Planned Incident) if that incident is caused wholly or mainly:

- (a) by breach by the Train Operator of any of its obligations under the Contract;
- (b) (whether or not the Train Operator is at fault) by circumstances within the control of the Train Operator in its capacity as an operator of Trains; or
- (c) (whether or not the Train Operator is at fault) by any act, omission or circumstance originating from or affecting rolling stock operated by or on behalf of the Train Operator (including its operation), including any such act, omission or circumstance originating in connection with any light maintenance depot or any network other than HS1.

4.4 TOC on TOC Minutes Delay and TOC on TOC Cancellations

(a) Where a Train operated by the Train Operator is subject to Minutes Delay or is a Cancelled Train on a Day for which another train operator would be allocated responsibility if it were the Train Operator operating that rolling stock under this Contract, then responsibility for those Minutes Delay and the Cancellation Minutes in respect of that Cancelled Train shall be allocated to that train operator and not HS1 Ltd.

(b) Where a train operated by another train operator is subject to Minutes Delay or is a Cancelled Train on a Day for which the Train Operator is allocated responsibility under this Contract, then responsibility for those Minutes Delay and the Cancellation Minutes in respect of that Cancelled Train shall be allocated to the Train Operator and not HS1 Ltd.

4.5 Other incidents

Neither party shall be allocated responsibility for:

- (a) any identified incident in respect of which HS1 Ltd and the Train Operator are equally responsible and for which neither HS1 Ltd nor the Train Operator is allocated responsibility under paragraph 4;

 - (i) the aggregate Minutes Delay and Cancelled Trains recorded under each category set out in paragraph 3.2; and
 - (ii) a list of the Minutes Delay and Cancelled Trains (in each case broken down by incident) recorded as the responsibility of:
 - (1) HS1 Ltd;
 - (2) the Train Operator;
 - (3) any other train operator (with each individual train operator separately identified); or
 - (4) none of the above.

5.2 Further statements

If HS1 Ltd has reasonable grounds to believe that any further incident was the responsibility of the Train Operator, HS1 Ltd or any other train operator but was not shown as such in the information made available in accordance with paragraph 5.1, then HS1 Ltd may, within 7 days after the last Minutes Delay or Cancelled Train caused by that incident, issue a notice in accordance with paragraph 10 revising the information and/or allocations of responsibility made available under paragraph 5.1.

5.3 Adjustment statements

If Condition B3.3 (adjustment to prior results) applies in respect of all or part of a Period, then HS1 Ltd shall promptly issue to the Train Operator a statement showing the necessary adjustments (if any) to statements already issued and Performance Sums already paid in respect of the Period, and, subject to paragraph 7.2, if applicable, an adjusting payment shall be payable within 28 days of HS1 Ltd's statement.

5.4 Disputes about statements of allocated responsibility

- (a) Except to the extent that it has, within two Working Days of receipt, notified HS1 Ltd in accordance with paragraph 10 that it disputes the contents of a statement under paragraphs 5.1, 5.2 or 5.3, the Train Operator shall be deemed to have agreed the contents of that statement. Any notification of a dispute shall specify the reasons for that dispute.
- (b) The parties shall attempt to resolve disputes notified in accordance with paragraph 5.4(a) as follows:
 - (i) within the next two clear Working Days after notification of any dispute, nominated representatives of the parties shall attempt to resolve that dispute; and
 - (ii) if agreement has not been reached after two clear Working Days, representatives authorised by a more senior level of management of the parties shall use all reasonable endeavours to negotiate a resolution of the dispute.

(c) Negotiations under paragraph 5.1(b)(ii) shall continue, if necessary, until a date no earlier than five clear Working Days after the end of the Period in which the event giving rise to the dispute referred to in paragraph 5.4(a) occurred.

(d) Where the Train Operator disputes any attribution which relates to TOC on TOC Minutes Delay or TOC on TOC Cancellation Minutes, HS1 Ltd shall use reasonable endeavours to procure that such other affected train operator cooperates in the resolution of such dispute. Where a train operator disputes any attribution which is relevant for the purpose of this Contract, the Train Operator shall cooperate with HS1 Ltd and that train operator in the resolution of that dispute.

6. NOTIFICATION OF PERFORMANCE SUMS

6.1 Notification

Within 14 days after the end of each Period, HS1 Ltd shall provide the Train Operator with a statement for that Period showing:

- (a) any Performance Sums for which HS1 Ltd or the Train Operator is liable, together with such supporting information as the Train Operator may reasonably require; and
- (b) any matter referred to in paragraph 5.1 which the Train Operator has disputed in accordance with paragraph 5.4(a) and which is still in dispute.

6.2 Disputes

Within 14 days after receipt by the Train Operator of a statement required under paragraph 6.1, the Train Operator shall notify HS1 Ltd of any aspects of such statement which it disputes, giving reasons for each such dispute. The Train Operator shall not dispute any matter which it has agreed or deemed to have agreed under paragraph 5. Such disputes shall be resolved in accordance with the procedure in paragraph 11. Save to the extent that disputes are so notified, the Train Operator shall be deemed to have agreed the contents of each statement.

7. PAYMENT PROCEDURES

7.1 Payments and set-off

(a) In respect of each Period, the liabilities of the Train Operator and of HS1 Ltd for any Performance Sums shall be set off against each other, and subject to paragraph 7.2, the balance shall be payable by HS1 Ltd or the Train Operator, as the case may be, within 35 days after the end of the Period to which the payment relates.

(b) Subject to paragraph 7.2, and save as otherwise provided, all other sums payable under Section 8 shall be paid within 35 days after the end of the Period to which such payment relates.

7.2 Payments in the event of dispute

Where any sum which is payable under this paragraph 7 is in dispute:

- (a) the undisputed amount shall be paid or set off (as the case may be) in accordance with paragraph 7.1;
- (b) the disputed balance (or such part of it as has been agreed or determined to be payable) shall be paid or set off (as the case may be) within 35 days after the end of the Period in which the dispute is resolved or determined; and
- (c) from the date at which such balance would but for the dispute have been due to be paid or set off, the disputed balance shall carry interest (incurred daily and compounded monthly) at the Default Interest Rate.

8. NOT USED

9. BENCHMARKING AND REVIEW

9.1 Schedule 6 of the Contract contains the Benchmarked Values. The Benchmarked Values may be recalibrated in accordance with the terms of this paragraph 9.

9.2 Subject to paragraph 9.3, following a Material Change, either party shall be entitled to require that the Benchmarked Values are recalibrated in accordance with this paragraph 9 by serving a Proposal for Change pursuant to Part C of HS1 Network Code, the purpose of which is to determine what changes, if any, should be made to Schedule 6 to the Contract as a consequence of such Material Change having regard to the fact that the caps on liability are not subject to review.

9.3 Notwithstanding that no Material Change may have occurred, HS1 Ltd shall commence a review of the Benchmarked Values by no later than 1 September 2025 and, subject to paragraph 9.4, following completion of such review shall propose a Proposal for Change pursuant to Part C of HS1 Network Code to determine the changes to the Benchmark Values.

9.4 Where:

(a) HS1 Ltd has commenced its review of the Benchmarked Values in accordance with paragraph 9.3; and

(b) prior to serving a Proposal for Change in connection with the recalibration of the Benchmarked Values, HS1 Ltd acting reasonably considers that the recalibration of the Benchmarked Values is not sufficiently supported by passenger and freight operators.

HS1 Ltd may elect not to serve a Proposal for Change pursuant to paragraph 9.3 in which case it shall give written notice of such election to each of the train operators (including the Train Operator) and the ORR.

9.5 Where a Proposal for Change is proposed by HS1 Ltd in respect of the recalibration of the Benchmarked Values pursuant to paragraph 9.3 above, without prejudice to the rights of HS1 Ltd pursuant to Part C of the HS1 Network Code, HS1 Ltd shall set out in the Proposal for Change:

(a) any change to the amount of the revised Avoidable Long-Term Costs for the remainder of the applicable Control Period that would arise as a result of the proposed recalibration of the Benchmarked Values including any changes to such costs arising from any change to the O&M Price; and

(b) where, as notified pursuant to paragraph 9.5(a) above, there is a change to the amount of the Avoidable Long-Term Costs, the value of OMRCA2_{SGV} for the Train Operator (and each other train operator) that would apply if the ORR approved the Proposal for Change (including such amounts of Avoidable Long-Term Costs) and such values of OMRCA2_{SGV} shall be determined by HS1 Ltd in accordance with paragraph 7.2 of Part 3 to Section 7 that would apply if the ORR approved the Proposal for Change (including such amount of Avoidable Long-Term Costs).

9.6 Where:

(a) HS1 Ltd has issued a Proposal for Change as part of the recalibration of the Benchmarked Values being undertaken pursuant to paragraph 9.3; and

(b) following the end of the Consultation Period for such Proposal for Change, HS1 Ltd acting reasonably considers that the proposed recalibration of the Benchmarked Values is not sufficiently supported by passenger and freight operators.

HS1 Ltd may withdraw the Proposal for Change. If HS1 Ltd elects to withdraw the Proposal for Change pursuant to this paragraph 9.6 it shall give written notice of the withdrawal to each of the train operators (including the Train Operator) and the ORR.

9.47 It is acknowledged that any recalibration of the Benchmarked Values in relation to one track access contract may affect other train operators under other track access contracts and that those effects and the consequent changes required in relation to those other contracts may all require to be taken into account as part of any such process. The parties agree that if a Proposal for Change is served under another track access contract which incorporates these Terms (or substantially similar terms) that they will comply with Part C in respect of such

Proposal for Change and to any amendment to Schedule 6 as a consequence of such Proposal for Change.

9.58 Following the Benchmarked Values being revised in accordance with Part C of the HS1 Network Code:

(a) Schedule 6 to the Contract shall be deemed to have been amended to reflect such revised values from the date established in accordance with the Part C process for the change to take effect; and

(b) the calculations of the Performance Payments previously undertaken pursuant to this Section 8 shall be repeated using the revised Benchmarked Values in substitution for the original Benchmarked Values with effect from the first Period to commence on or after the date on which the changes to the Contract take effect, HS1 shall notify the Train Operator within 35 days after the end of the Period in which Schedule 6 is amended of the amount of any payment required from either party to the other to take account of the repeated calculations and the provisions of paragraphs 6, 7 and 11 shall apply mutatis mutandis in relation to the payment and /or dispute of those amounts.

9.69 Without prejudice to the other provisions of this paragraph 9, following the entering into of a track access agreement between HS1 Ltd and a train operator, which is deemed to be a Material Change for the purposes of paragraph (e) of the definition of Material Change in paragraph 1.1 of Part 1 of this Section 8, either party shall be entitled to require that the Benchmarked Values are recalibrated in accordance with this paragraph 9 by serving a Proposal for Change pursuant to Part C of HS1 Network Code at any time following the end of the period of 12 months from the commencement of train services by the relevant train operator.

9.10 Following commencement of a review pursuant to paragraph 9.3:

Note: The process set out in this paragraph 9.10 follows the process set out in paragraph 7.3 of Part 3 to Section 7 but has been replicated here on the basis that the reapportionment for the purposes of a benchmarking exercise pursuant to paragraph 9.3 above will be undertaken in advance of the Review Event occurring.

(a) For the purposes of preparing the Proposal for Change contemplated by paragraph 9.5 above and undertaking the reapportionment of Avoidable Long-Term Costs contemplated in paragraph 7.2(a)(i) of Part 3 to Section 7, HS1 Ltd shall determine the expected train kilometres as follows:

(i) in respect of the period from the date on which the Proposal for Change to be submitted by HS1 Ltd proposes that any resulting changes shall come into effect to and including the final day of the Timetable Period that commenced on the Subsidiary Change Date in 2025, provided that the First Working Timetable in respect of such period is available at the time at which HS1 Ltd is seeking to determine the expected train kilometres in accordance with this paragraph 9.10 the expected train kilometres spent by a train operator on HS1 shall be equal to the total number of train kilometres that the freight services scheduled in the First Working Timetable for such period and to be operated by the relevant train operator will spend on HS1 (as calculated by reference to the applicable Relevant Distance for such services and assuming that all such services will be operated by the relevant train operator) and otherwise the expected train kilometres spent by a train operator on HS1 in such period shall be determined in accordance with paragraph 9.10(a)(iii);

(ii) in respect of a Timetable Period other than as referred to in paragraph 9.10(a)(i) for which the First Working Timetable is available at the time at which HS1 Ltd is seeking to determine the expected train kilometres in accordance with this paragraph 9.10, the expected train kilometres spent by a train operator on HS1 shall be equal to the total number of train kilometres that the freight services scheduled in the First Working Timetable for such Timetable Period and to be operated by the relevant train operator will spend on HS1 (as calculated by reference to the

applicable Relevant Distance for such services and assuming that all such services will be operated by the relevant train operator);

- (iii) in respect of a Timetable Period (or part thereof) other than as referred to in paragraph 9.10(a)(i) or 9.10(a)(ii), the expected level of train kilometres spent by a train operator on HS1 in that Timetable Period shall be determined by HS1 Ltd in accordance with paragraphs 9.10(c) to (f).

(b) In undertaking the reapportionment of Avoidable Long-Term Costs pursuant to paragraph 7.2(a)(ii) of Part 3 to Section 7, HS1 Ltd shall determine the expected train kilometres by using the expected train kilometres calculated in accordance with paragraph 9.10(a) and making such adjustments as are reasonably necessary so that the expected train kilometres for the relevant train operator only relates to the part of the train operator's freight services that operate on the part of HS1 which is utilised by both domestic and international trains.

(c) HS1 Ltd shall give notice to the Train Operator:

- (i) advising that it is preparing a Proposal for Change pursuant to paragraph 9.3 of Part 1 to Section 8;
- (ii) specifying the dates of the applicable Timetable Periods (or part thereof) for which the expected level of train kilometres will be calculated for the purposes of paragraph 9.10(a)(iii);
- (iii) requesting the Train Operator provide:
- (1) its best estimate of the quantum of freight services for each Service Group which it intends to operate in each of the Timetable Periods (or part thereof) referred to in paragraph 9.10(c)(ii) (the "Benchmark Estimated Service Levels"); and
- (2) a statement describing, in reasonable detail, the basis on which the Benchmark Estimated Services Levels were prepared (the "Benchmark Supporting Statement")
- (iv) specifying a date by which the Benchmark Estimated Service Levels and the Benchmark Supporting Statement must be received by HS1 Ltd, such date being no earlier than twenty (20) Working Days from the date of the notice (such date the "Benchmark Response Date").

(d) The Train Operator shall act reasonably and in good faith in preparing the Benchmark Estimated Service Levels and the Benchmark Supporting Statement.

(e) If:

- (i) HS1 Ltd has not received the Benchmark Estimated Services Levels and the Benchmark Supporting Statement from the Train Operator by the Benchmark Response Date; or
- (ii) the Benchmark Estimated Service Levels received by HS1 Ltd from the Train Operator by the Benchmark Response Date is incomplete in any way;

HS1 Ltd, acting reasonably, shall use its estimate of the quantum of freight services to determine the expected train kilometres for any Service Group and/or Timetable Period (or part thereof) to the extent that such information has not been provided by the Train Operator ("IM Benchmark Estimate Service Levels").

(f) HS1 Ltd shall use the Benchmark Estimated Service Levels, (or, where and to the extent that paragraph 9.10(e) applies, the IM Benchmark Estimated Services Levels) to calculate the expected level of train kilometres for the relevant Timetable Periods.

10. NOTICES

All notices under this Section 8 shall be given in accordance with paragraph 5.4 of Section 9.

11. DISPUTES

If any dispute is notified under paragraph 6.2 it shall be resolved according to the following procedure:
