Dear Christopher,

**APPROVAL OF PROPOSALS FOR CHANGE 109-112 RELATING TO PART D (TIMETABLE CHANGE) AND PART R (ACCESS DISPUTE RESOLUTION RULES) OF THE NETWORK CODE**

1. The Office of Rail and Road (ORR) has today approved Proposals for Change (PfC) 109-112 to the Network Code, which were submitted to it by the Class Representative Committee (CRC) on 3 May 2022. These proposals, sponsored by Network Rail Infrastructure Limited, amend Part D and Part R of the Network Code.
2. ORR has reviewed the consultation responses received and considered by the CRC at its meeting on 13 April 2022. The CRC approved PfCs 109-112 at its meeting on 13 April 2022. ORR has approved the proposals because it is satisfied that the changes will ensure that Part D and Part R of the Network Code is clearer and reflects up to date practices. The approval of PfCs 109-112 is consistent with ORR's section 4 duties.
3. In accordance with Condition C9.1.2 of the Network Code, the amendments to Part D shall have effect 14 days from the date of this notification.
4. In giving CRC notice of approval ORR also copies this letter and attached notice to all parties identified under Condition A4.1 of the Network Code.
5. A copy of this letter, the approval notice and marked up copies of Part D and Part R of the Network Code, showing all the proposed changes, will be placed on the ORR website. A copy of the approval notice will also be placed on the ORR's public register.

Yours sincerely
