

32nd Supplemental Agreement

between

NETWORK RAIL INFRASTRUCTURE LIMITED
as Network Rail

and

SCOTRAIL TRAINS LIMITED
as Train Operator

relating to amendments to the Track Access Contract
dated 03 March 2016

CONTENTS

1.	INTERPRETATION	2
2.	EFFECTIVE DATE AND DURATION	3
3.	AMENDMENTS TO THE CONTRACT	3
4.	EFFECT OF THIS SUPPLEMENTAL AGREEMENT ON THE CONTRACT	3
5.	LAW	3
6.	THIRD PARTY RIGHTS	4
7.	COUNTERPARTS	4

THIS 32ND SUPPLEMENTAL AGREEMENT is dated 31st March 2023 and made

Between:

- (1) Network Rail Infrastructure Limited, ("Network Rail"), a company registered in England under number 2904587 having its registered office at 1 Eversholt Street, London NW1 2DN; and
- (2) ScotRail Trains Limited, (the "Train Operator"), a company registered in Scotland under number SC450732 having its registered office at 5th Floor, Culzean Building 36 Renfield Street, Glasgow, G2 1LU, United Kingdom.

Background:

- (A) The Train Operator and Network Rail entered into a Track Access Contract (Passenger Services) (which is hereafter referred to as the "Contract") dated 03 March 2016 in a form approved by the Office of Rail and Road pursuant to section 18(7) of the Act.
- (B) The parties now propose to enter into this Supplemental Agreement in order to amend the Contract as described herein.

IT IS HEREBY AGREED as follows:

1. INTERPRETATION

In this Supplemental Agreement:

- 1.1 Words and expressions defined in and rules of interpretation set out in the Contract shall have the same meaning and effect when used in this Supplemental Agreement except where the context requires otherwise;
- 1.2 "**Effective Date**" means the later of 0200 hours on the Subsidiary Change Date (SCD) 2023 and the date upon which the Office of Rail and Road issues its approval, pursuant to Section 22 of the Act, of the terms of this Supplemental Agreement; and
- 1.3 "**Appendix**" shall mean the appendices and their relevant parts and attached hereto.

2. EFFECTIVE DATE AND DURATION

The amendments made to the Contract pursuant to this Supplemental Agreement shall have effect from the Effective Date and shall cease to have effect on the Expiry Date or earlier termination of the Contract.

3. AMENDMENTS TO THE CONTRACT

3.1 Track Access Contract Extension

3.1.1 In Clause 1.1 in the Front End of the Contract, the definition of "Expiry Date" shall be deleted in its entirety and replaced with the following:

"Expiry Date" Means 31st March 2027.

3.2 Amendments to Schedule 5

3.2.1 Peak and Off-Peak Definitions

In paragraph 1.1 Definitions in Schedule 5 of the contract, delete the definition "Peak Services" in its entirety and replace with:

"Peak Services" Means:

- (a) those services detailed in Service Group HA05, HA06 & HA08 timed to arrive at any of the following stations:
 - (i) Glasgow Central High Level;
 - (ii) Glasgow Central Low Level;
 - (iii) Glasgow Queen Street Low Level;

between the hours of 0745 and 0915 on any given Weekday
(Excluding Glasgow Public Holiday); and

- (b) those services detailed in service group HA05, HA06 & HA08 timed to depart from any of the following stations:
 - (i) Glasgow Central High Level;
 - (ii) Glasgow Central Low Level;
 - (iii) Glasgow Queen Street Low Level;

between the hours of 1630 and 1800 on any given weekday and "Peak" shall be construed accordingly."

3.2.2 - Table 2.1, Passenger Train Slots, of Schedule 5 of the Contract shall be deleted in its entirety and replaced by the new table 2.1 Passenger Trains slots as set out in Appendix A to this Supplemental Agreement.

OFFICIAL-SENSITIVE-COMMERCIAL

3.2.3 Table 2.2, Additional Passenger Train Slots, of Schedule 5 of the contract shall be deleted in its entirety and replaced by the new table 2.2 as set out in appendix B to this Supplemental Agreement.

3.2.4 Table 4.1, Calling Patterns shall be deleted in its entirety and replaced with the new table 4.1 as set out in Appendix C to this Supplemental Agreement.

3.2.4.1 The following footnote is to be added to table 4.1 of schedule 5 of the contract immediately after the table relating to service group HA02 Service 584:

“3 These contingent rights are effective from the point of entry of East Linton station into service.”

3.2.5 Table 8.1, Boxing Day Rights, in Schedule 5 of the Track Access Contract shall be deleted in its entirety and replaced with the new table in Appendix D.

3.3 Amendments to Schedule 8

3.1.1 - Insert the following header before paragraph one of Schedule 8 of the Track Access Contract:

“This is Schedule 8 referred to in the foregoing Track Access Agreement between Network Rail Infrastructure Limited and ScotRail Trains Limited”

4. EFFECT OF THIS SUPPLEMENTAL AGREEMENT ON THE CONTRACT

The Contract, as amended by this Supplemental Agreement, shall remain in full force and effect in accordance with its terms, and during the period in which the amendments made by this Supplemental Agreement are to have effect all references in the Contract to “the contract”, “herein”, “hereof”, “hereunder” and other similar expressions shall, unless the context requires otherwise, be read and construed as a reference to the Contract as amended by this Supplemental Agreement.

5. LAW

This Supplemental Agreement shall be governed by, construed and given effect to in all respects in accordance with the laws of Scotland.

6. THIRD PARTY RIGHTS

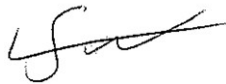

No rights shall be conferred under or arising out of this Supplemental Agreement on any person other than the Parties to this Supplemental Agreement and there shall not be created in any circumstances a jus quaesitum tertio in favour of any person.

7. COUNTERPARTS

This Supplemental Agreement may be executed in any number of counterparts, each of which when executed and delivered shall constitute an original, but all the counterparts shall together constitute one and the same instrument.

IN WITNESS WHEREOF this Supplemental Agreement comprising this and the foregoing pages and Appendices A, B, C and D are executed as follows:-

APPLICATION TO THE OFFICE OF RAIL AND ROAD FOR A PASSENGER TRACK ACCESS CONTRACT, OR AN AMENDMENT TO AN EXISTING CONTRACT

Use this form to apply to the Office of Rail and Road (ORR) for a passenger track access contract, or an amendment to an existing contract by a supplemental agreement, under sections 17-22A or the Railways Act 1993.

It sets out ORR's standard information requirements for considering applications. Our [track access guidance](#) explains the process, timescales and the issues we will consider. Please read the guidance before completing the contract and this form.

If the facility owner and beneficiary have agreed terms, the facility owner should fill in the form. If not, the beneficiary should fill in the form.

A pre-application industry consultation is usually required before submitting an application. Please see the industry [code of practice for track access application consultations](#) for more information.

This form should be completed up to section 9 and sent to consultees along with a copy of the proposed contract or supplemental agreement. Sections 9 and 10 should be filled in after the consultation and before applying to ORR.

We are happy to talk to you informally before you apply. Please contact us [here](#). You can download a copy of this form, and of our model track access contract, from our [website](#). Please ensure that you are using the latest version of this form as published on our website. We may ask for applications which have not used the latest version to be resubmitted.

You may also use and adapt this form if necessary to apply to use railway facilities other than those of Network Rail. Do not use this form for HS1, for which a separate form is available on our [website](#).

1. Application Summary

1.1 Beneficiary company name:

Scotrail Trains Limited

1.2 Facility owner details:

Network Rail:	<input checked="" type="checkbox"/>				
Region:	Southern <input type="checkbox"/>	Eastern <input type="checkbox"/>	North West & Central <input type="checkbox"/>	Wales & Western <input type="checkbox"/>	Scotland's Railway <input checked="" type="checkbox"/>
Other Facility Owner:	<input type="checkbox"/>	Please state:			

1.3 Application under the Railways Act 1993 section:

17	<input type="checkbox"/>	18	<input type="checkbox"/>	22	<input checked="" type="checkbox"/>	22A	<input type="checkbox"/>
Supplemental Number:					32		
Current contract date:							
Current contract expiry date:							

1.4 Applicant status:

Public Service Operator	<input checked="" type="checkbox"/>	Public service contract start date:	01/04/2022
		Public service contract end date:	31/03/2027
Open Access	<input type="checkbox"/>		
Charter Operator	<input type="checkbox"/>		

1.5 Executive summary of the proposed contract or amendment:

The proposed SA is seeking the following amendments:

- Extend the Expiry Date of the Scotrail Track Access Contact (TAC).
- Access rights amendments for the May '23 timetable change.
- Amendments to the definitions of "Peak Services."
- Amendments to Scotrail's Boxing Day Rights.
- Remove expired contingent rights.
- Include stops at East Linton (new station) as an additional calling pattern with a footnote.
- Add a heading to Schedule 8.
- Change all references to Dunfermline Town station to Dunfermline City.

Proposed commencement date:	21/05/2023
End date:	31/03/2027
Date approval or directions wanted by:	

1.6 Industry consultation:

Who carried out the consultation?	Iain Shields		
Consultation start date:		Consultation end date:	10/03/2023
Not carried out	<input type="checkbox"/>		

1.7 Applicant details

<u>Facility Owner</u> Company: Network Rail Infrastructure Limited Contact name: Suzanne Murray / Iain Shields Job title: Customer Manager / Customer Support Manager Address: 151 St.Vincent Street Glasgow G2 5NJ	<u>Beneficiary</u> Company: Scotrail Trains Limited Contact name: John Kerr Job title: Regulated Contracts Manager Address: Atrium Court 50 Waterloo St Glasgow G2 6HQ
--	--

1.7 Date of application to ORR:

2. Licence and railway safety certificate

2.1 Please state whether:

- you intend to operate the services yourself; or
- have them operated on your behalf.
 - if so, please name the proposed operating company:

2.2 Does the proposed operator of the services:

- (a) hold a valid train operating licence under section 8 of the Railways Act 1993 or an exemption under section 7, **and**
- (b) hold a valid safety certificate under the Railways and Other Guided Transport Systems (Safety) Regulations 2006.

If the answer to (a) **or** (b) is no, please state the point reached in obtaining a licence, exemption and/or safety certificate.

3. The proposed contract or amendment

3.1 Application overview: Please detail the proposed contract or amendment. This should cover the services, the commercial terms, and the reasons for making the application in the terms proposed. This information should be laid out clearly and concisely, and fully highlight the changes from the previous version of the contract (in the case of an amendment).

- Extend the Expiry Date of the Scotrail Track Access Contact (TAC).
 - We are extending this to align with the Grant Agreement Scotrail have with Transport Scotland
- Access rights amendments for the May '23 timetable change.
 - As detailed in the attachments accompanying this form.
- Amendments to the definitions of "Peak Services."
- Amendments to Scotrail's Boxing Day Rights.
 - Adding one additional train and correcting one error.
- Remove expired contingent rights.
- Include stops at East Linton (new station) as an additional calling pattern with a footnote.
 - These rights will be re-applied for as firm rights as soon as a fixed date for entry into service is known.
- Add a heading to Schedule 8.
- Change all references to Dunfermline Town station to Dunfermline City.
 - Dunfermline was made a city as part of the late Queen's jubilee celebration. We are updating the contract to reflect this.

Attachments:

Proposed Supplemental
Appendices A, B, C and D
Marked up tables showing proposed changes.

No side letters

The appendices are presented as they will appear once the 29th (approved,) 30th (formally submitted to ORR) and 31st (general approval) Supplemental Agreements have all been approved and consolidated.

3.2 Safety risks: Please explain any important safety risks that have been identified arising from the proposal and how these will be controlled (by reference to the facility owner's safety authorisation and the train operator's safety certificate).

None identified.

3.3 Contract duration: For new agreements or extensions to existing agreements, please provide justification for the proposed duration and, if more than 5 years, with reference to the [Railways \(Access, Management and Licensing\) Regulations 2016](#).

3 years, 10 months and 10 days. This is to bring the TAC expiry into alignment with the Grant Agreement.

3.4 Terms not agreed with the facility owner (for applications under sections 17 or 22A only): Please explain any areas of the application which have ***not*** been agreed, the reasons for the failure to agree and the reasons for seeking these provisions.

none

3.5 Departures from ORR's model access contracts

Does the proposed contract include any departures from ORR's model access contract:

Yes

No

If yes, please set out and explain any:

- areas where the drafting of the application changes ORR's published template access contracts (as appropriate, cross-referencing to the answers below). Please also explain why these departures have been made.

none

- instances where the proposal departs from the charging and/or performance regimes established by ORR's latest periodic review (or subsequent interim reviews) as reflected in ORR's model access contracts, including the financial implications (e.g. establishment of an access charge supplement or rebate).

none

- new processes (e.g. a self-modification provision) which have been added. Please also demonstrate fully how this new process is robust and complete.

none

3.6 Consolidated contract

For amendments to existing contracts, is the version of the consolidated contract on our [website](#) fully up to date? If not, please explain why not.

No, it is not.

The 29th (approved,) and 31st (general approval) Supplemental Agreements are in the process of being consolidated and sent to ORR.

A further consolidation will follow once the 30th, which has been formally submitted to ORR, has been approved.

4. The expression of access rights and the use of capacity

4.1 Benefits: please set out what specific benefits the proposal will achieve, including a justification for requiring the rights and their characteristics. Please provide full descriptions of any new rights required, as compared to the previous contract (in the case of an amendment). Please also describe any significant changes in the pattern of services, their benefits to passengers and any impact on other operators, including freight operators. Please provide a fully marked-up version or document comparison of any tables in Schedule 5 which are being modified as a result of this application.

1. Track Access Contract Extension:

The current TAC expires in May 2023 Scotrail are proposing through this proposed application to extend the contract until **31st March 2027** which will bring the renewal of the TAC into alignment with the Grant Agreement between Scotrail and Transport Scotland.

2. May 2023 Timetable Rights:

- Additional access rights are required in Service Groups HA03 and HA04
- Removal of access rights no longer required

In respect of Service Group HA03, the overall train slots will be reduced – this is due to a reduction in services originating/terminating at Stranraer as passenger demand has fallen by approximately 50% in recent years and has been further impacted by COVID 19. It is not anticipated that passenger numbers will increase. However, there is a frequency increase in services between intermediate stations to satisfy existing demand (Kilmarnock/Ayr/Girvan).

The changes to the rights tables are detailed in the appendices attached.

3. Definition of “Peak Services” in Schedule 5 Amended

The definition of “Peak Services” in Schedule 5 will be amended to specify “high level” or “low level” for calls at Glasgow Central and Glasgow Queen Street in tables 2.1, 2.2, 4.1 and in the boxing day rights table.

4. Boxing Day rights:

In addition to the services specified in Table 8.1 of Schedule 5, the Train Operator is seeking to run a Saturday Service only between Glasgow Queen Street Station and Croy station on the 26th December every year. A correction is included clarifying that services run from East Kilbride into Glasgow Central High Level, not Glasgow Queen Street.

5. Removing Expired Contingent Rights

Scotrail held contingent rights under Schedule 5 which have expired, these are now to be deleted from Table 2.2 of Schedule 5.

6. East Linton (New Station):

East Linton station is due to be opened in the currency of the May '23 timetable. As there is no confirmed EIS date these rights are proposed to be added to the additional calling pattern in this application, with a view to adding them to the Regular Calling Pattern (will be added via a separate application) once this is known.

All Scotrail trains through to Dunbar will stop at East Linton.

These rights will be effective from the point of entry of East Linton station into service. A footnote will be added to Table 4.1 to this effect.

This has been cross checked with the ECML policy and the Head of Strategic Planning (Scotland Route) has confirmed passive provisions have been included to East Linton as part of the Events Steering Group.

7. Schedule 8 Heading:

It has been noted by Scotrail Trains Limited that there is a missing heading in Schedule 8. We propose to insert the below heading:

"This is Schedule 8 referred to in the foregoing Track Access Agreement between Network Rail Infrastructure Limited and ScotRail Trains Limited"

We expect that this was omitted in error at some point in the past.

8. Dunfermline town / city station name change:

Dunfermline has recently been declared to be a city and TS have announced that the station named Dunfermline Town should be renamed as Dunfermline City.

The application proposes that all instances of and reference to "Dunfermline Town" in the Track Access Agreement are to be replaced with "Dunfermline City".

4.2 Adequacy: How have you satisfied yourself that there is enough network capacity for the services in the proposal? Are there any implications for overall network performance and the facility owner's maintenance and renewal activities?

With reference to the May'23 timetable rights specifically; it is the view of Scotrail that this could have a positive impact on performance. This view was supported by Network Rail's Head of Performance in Scotland as part of the network rail consultation.

- **Performance View** – Kilmarnock/Ayr Rights see a reduction in train count of approx. 25% by my reading, and in our view represents a performance opportunity

Performance View – Change in calling patterns see changes in the South West Rural and West Highland Line calling patterns, there has been no risks identified with the proposed changes. The capability for these lines of route to impact overall performance is very low, trains are largely isolated from the busiest parts of the network. Furthermore, train count in these areas is very low by comparison to most other lines of route.

4.3 Flexing rights: Please explain any limitations on the facility owner's flexing rights in the proposal and the rationale for such limitations.

Not applicable.

4.4 Specified equipment: Please explain any changes to specified equipment (rolling stock). Has the vehicle and route acceptance procedure in the Network Code (Part F) has been completed? Please explain whether you have, or will have, the rolling stock necessary to exercise the rights.

Not applicable,

4.5 Contractual obligations: Are the proposed services necessary to fulfil obligations under a public service contract? For publicly contracted operators seeking additional access rights, we will expect to see evidence of funder support for the specific rights and of operators' intent and ability to operate the new services.

ScotRail operates under a Grant Agreement between Scottish Ministers, SRH & SRT. The expiry date has been extended to align with the Grant Agreement.

4.6 Public funding: Other than the DfT, Welsh Government or Transport Scotland, are the proposed services subject to financial support from central or local government including PTEs. If so, please give details.

Not Applicable.

4.7 Long Term Planning Process: Is the Long Term Planning Process relevant to this application? If so, please explain how the proposed rights are consistent or inconsistent with this.

The East Linton stops have been planned including the ECML steering group work and communication of the entry into service is being communicated through this forum. The Ayrshire and Oban changes have been planned through the normal timetable change process (the only risk identified was related to the availability of train crew) and are not related to the Long Term Planning Process.

5. Competing passenger services:

We would expect to apply the 'not primarily abstractive' test to:

- (i) a new open access service which would compete with franchised services and so impact on the public sector funder's budget;
- (ii) a new franchised service which would compete with an existing franchised service, where we would expect to focus the test on areas where the competing franchised services are operated on behalf of different funders or where for some other reason there are particular concerns over the impact on a funder's budget; and
- (iii) a new service, which might be open access or franchised, which would compete with an existing open access service and which, if it caused the existing open access operator to withdraw from the market, could reduce overall competition on the network.

5.1 Please state if your application is for a competing passenger service, and if so please describe the nature of the competition:

It is not.

5.2 For competing services, please also confirm that you have attached as part of your submission to ORR the following:

- Business plan, including details of:
 - forecasts of passenger traffic and revenues, including forecast methodology;
 - pricing strategies;
 - ticketing arrangements;
 - rolling stock specifications (e.g. load factor, number of seats, wagon configuration);
 - marketing strategy;
 - estimated elasticities of the services (e.g. price elasticity, elasticity with respect to quality characteristics of the services).
- Demand forecasting (including associated spreadsheet models) demonstrating modelled generation : abstraction ratio.
- Indicative timetables, including associated .spg files

6. Incentives

6.1 Train operator performance: please describe any planned projects associated with the operation of the proposed services aimed at improving your performance.

No new action is being taken with respect to these specific changes. Both parties will be continuing with their BAU performance monitoring and improvement programmes.

6.2 Facility owner performance: please describe any planned projects associated with the operation of the proposed services aimed at improving the facility owner's own performance.

No new action is being taken with respect to these specific changes. Both parties will be continuing with their BAU performance monitoring and improvement programmes.

6.3 Monitoring of services: Will all proposed services be monitored for performance throughout their journey? If not, please explain.

Yes.

6.4 Performance regime changes (for applications under sections 17 or 22A only): where applicable, please provide justification for any changes to Schedule 8 of the track access contract in the proposal. If necessary, please provide any relevant information in support of the changes proposed.

Not applicable.

7. Enhancement

7.1 Enhancement details: where the proposal provides for the delivery of any network enhancements, or the services in the proposal are subject to any planned network enhancements, please give full details of the relevant enhancement schemes, including a summary of outputs from the scheme, timescales and the extent to which the network change procedure in the Network Code (Part G) has been completed (where appropriate, by reference to submissions made under ORR's enhancement reporting framework).

Not applicable.

7.2 Enhancement charges: please confirm that the arrangements for the funding of any network enhancements are consistent with the [investment framework](#), and summarise the level and duration of payments, and the assumed rate of return.

Not applicable.

8. Other

8.1 Associated applications to ORR: please state whether this application is being made in parallel with, or relates to, any other current or forthcoming application to ORR (e.g. in respect of track, station or light maintenance depot access contracts). Where the application is being made in parallel with any other application from the same operator, please ensure the applications are consistent with one another. Where the application relies on another operator relinquishing access rights, please provide evidence that this process has been completed.

It is anticipated that there will be a further Supplemental Agreement to change the call at East Linton to a firm right once an EIS date has been established with a greater degree of certainty. There will also follow 2 more SAs (33rd by GA & 34th) for May '23.

8.2 Side letters and collateral agreements: please confirm here that the whole of the proposal between the parties has been submitted with this application and that there are no side letters or other documents which affect it.

So confirmed.

8.3 Confidential redactions: please list any information that you have redacted from any documentation sent to consultees. If there has been no pre-application consultation, please list any information you want us to exclude from publication. Please provide full reasons for any redactions.

none

9. Pre-application consultation

9.1 The consultation:

If consultation has not been carried out, explain why not. If it has, please list the consultees.

Who conducted the consultation?

Iain Shields

List all consultees who responded and include their responses and any associated documentation or correspondence between the parties.

Robert Holder – Network Access Manager – Great Western Railway.

“We have no objection thank you Iain.”

Martin Clarke – Transport Focus.

“Thanks for this - no comments from us.”

Josh Watkins, Senior Timetable Programme & Development Manager, CrossCountry

“Please be advised that due to no issues being raised internally by CrossCountry, this supplemental agreement is acceptable to us.”

9.2 Resolved issues: please explain any issues raised by consultees which have been resolved.

No issues, concerns or queries were raised as part of the consultation.

9.3 Unresolved issues: Please explain any issues raised by consultees which have ***not*** been satisfactorily resolved and why you think these issues should not stop ORR approving the application.

No issues, concerns or queries were raised as part of the consultation.

9.4 Have any changes been made to the proposal following consultation?

No.

10. Certification

Warning: Under section 146 of the Railways Act 1993, any person who, in giving any information or making any application under or for the purposes of any provision of the Railways Act 1993, makes any statement which he knows to be false in a material particular, or recklessly makes any statement which is false in a material particular, is guilty of an offence and so liable to criminal prosecution.

For agreed applications under section 18 or 22, Network Rail should complete the information below. For disputed applications under section 17 or 22A, the beneficiary should complete it.

I certify that the information provided in this form is true and complete to the best of my knowledge

Signed  Date 30th March 2023

Name (in caps) IAIN ALEXANDER SHIELDS Job title: Customer Support Manager

For (company) NETWORK RAIL INFRASTRUCTURE LIMITED

11. Submission

11.1 What to send: please supply the application form, the proposed contract or amendment and, where possible, any other supporting information, in electronic form by e-mail, **in plain Microsoft Word or Open Document Text format** (i.e. excluding any macros, auto-para or page numbering, or other auto-formatting).

11.2 Where to send it:

Email: track.access@orr.gov.uk

Annex: Checklist of documents attached to the application form:

- Proposed new contract or supplemental agreement
- Marked up Schedule 5 (where applicable)
- Marked up comparison to model contract (where applicable)
- Consultation responses
- Replies to consultation responses
- Supporting documentation required for competing services (see section 5.2)
- Other supporting documents, side letters or collateral agreements (please list):
