

Network Rail Infrastructure Limited  
Abellio ScotRail Ltd

12 July 2017

Dear Sirs

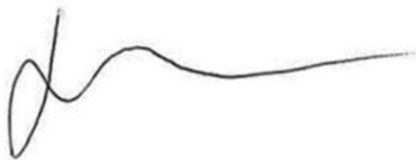

**Appeal under Part M of the Network Code by Abellio ScotRail Limited in respect of Determination TTP1064 of the Timetabling Panel – Determination by ORR**

Further to our letter of 19 June 2017, I am writing to inform you that ORR has today made its determination of the appeal made by Abellio ScotRail Limited against Determination TTP1064 of the Timetabling Panel of the Access Disputes Committee dated 5 May 2017.

For the reasons given in the attached determination, ORR has concluded that Abellio ScotRail Limited has not demonstrated that Determination TTP1064 is either wrong or unjust because of a serious procedural or other irregularity and consequently Determination TTP1064 should stand.

I am copying this letter and our determination to Tony Skilton, Secretary to the Access Disputes Committee. We will also publish copies on our website in due course.

Yours faithfully

**Jonathan Rodgers**  
**Senior Executive, Access & Licensing**
