Consent to supplement the list of capacity charge rates

We consent to a supplement to the list of capacity charge rates proposed by Network Rail Infrastructure Limited and Arriva Rail North Limited (ARN) (jointly, "the parties") on 30 August 2017. This was requested due to the remapping of a number of services from First TransPennine Express Limited to ARN following the changes to both franchises on 1 April 2016.

This consent is further to paragraph 9.4(c) of Part 2 of Schedule 7 of the parties' track access contract dated 2 March 2016.

For the purposes of the track access contract, the section of the list of capacity charge rates entitled "Passenger Operators Not Subject To Wash-up" shall be supplemented by the inclusion of the rate set out in the schedule to this consent.

This supplement shall have retrospective effect from 1 April 2016.

The rates in the schedule are in 2012/13 prices, consistent with the price base of the list of capacity charge rates.
