Dear Kush

**APPROVAL OF CHANGES RELATING TO THE NETWORK CHANGE STANDARD FORMS U, V AND W**

1. The Office of Rail and Road (ORR) has today approved a proposal for changes to the Network Code standard forms U, V and W, which was submitted to it by Network Rail on 29 March 2018. This proposal is to correct references in standard forms U, V and W from Condition G9 to Condition G10.
2. ORR has reviewed the consultation responses received and has approved the proposal because it is satisfied that the changes will ensure that the forms will now reference the correct part of the Network Code. The approval of these changes is consistent with ORR's section 4 duties.
3. The amendments to forms U, V and W shall have effect 7 days from the date of this notification.
4. In giving a notice of approval ORR also copies this letter and attached notice to all parties identified under Conditions A4.1 and C9.1.1 of the Network Code.
5. A copy of this letter, the approval notice and of the proposed changes will be placed on the ORR website. A copy of the approval notice will also be placed on the ORR's public register.

Yours sincerely
