Dear John,

After reading this article I'm worried about the licensing terms for Darwin:
<https://mocko.org.uk/b/2013/02/22/you-cant-use-the-live-uk-train-data-without-accepting-a-gagging-clause/>

Judging from the way ATOC has been handling access to this data I would recommend their attitudes change or their administrative power is transferred to a fairer body that displays a genuine interest in allowing access to Darwin's data with a view to giving a positive resource back to the people that ultimately fund it - the fare payer and the taxpayer - of which I am both.

Thanks,

Will.
